C.U.F.F.S

CORRECTIONAL UNIT & FEDERAL FACILITY SECURITY

C.U.F.F.S.

The **C.U.F.F.S.** syllabus has been selectively combined as a direct result of the needs of the *Correctional Officer*, and their *Colleagues* serving warrants and summonses at *Unknown or High Risk* premises. The system also concentrates on *Officers* working within Correctional Facilities. This training includes C.E.R.T. / S.O.R.T. Teams combating mass disturbances.

This unique syllabus has been designed from the “Active Defense” system devised by *Paul CASTLE*. This system incorporates over 45 separate specialist Schools for *Military* and *Law Enforcement* scenarios.

The “Active Defense” system devised by *Paul CASTLE*, has been adopted Nationwide across the U.S.A, and in Europe by *Specialist Personnel*.

This system has been designed to work in harmony with each of the separate elements, combining to form a complete framework for the *Correctional & Law Enforcement Specialist*.

Cell Extraction Team training forms a core section of “C.U.F.F.S”

2.

Each individual element, is or has been P.O.S.T. certified, and approved by either the *States* of TN., TX., FL, S.C., or AR. and may be re-submitted in any form required by individual Agencies.

C.E.R.T. Officers about to 'flashbang' their entry into a barricaded cell
