

1.

H&K TACTICAL SUB-MACHINE GUN

This is a *Pro-Active* course, designed for *Law Enforcement Personnel* and *Tactical Units* that wish to utilize, what is arguably, one of the world's finest sub-machine guns. The new range of HK UMP weaponry is also included.

The course is offered at *Three* levels

- 1. *MP5 Operators Course***
- 2. *MP5 Progression Course***
- 3. *C.A.R. System MP5 Instructor***

The course syllabus and unique training concepts, are based on the C.A.R. system and have been taught to *Special Forces* units in Germany, and Belgium. In addition to *Law Enforcement Tactical Units* in the U.S.A.

Techniques, and technical information developed and incorporated within this program have originated in part from liaison with Heckler & Koch in Germany, training with, and the study of the use of the weapon's systems by specialized German units such as G.S.G.9. and S.E.K.

All these elements have been brought together to produce, a practical and effective training program, surpassing in many ways courses previously available to *Law Enforcement*.

2.

The course instructs Students in the following skill areas :

- ◇ Technical specifications & Nomenclature.
- ◇ Cleaning, field stripping and maintenance.
- ◇ Close quarters confrontation.
- ◇ Team progression.
- ◇ Target acquisition & Multiple confrontation.
- ◇ Low light level usage.
- ◇ Malfunction and secondary weapon transition.

The weapons featured include
The H&K MP5 family of
semi / full auto submachine guns.

These well established weapons,
have become the mainstay of
many Law Enforcement Depts.
Sabre Inc. offers cutting edge
training that works.

The *MP5 Progression* course builds on the established skill base, achieved on the *Operators* course. This course syllabus demands higher levels of efficiency, and in more complex scenarios. This course is available for all ranges of HK weaponry. *Sabre TTRR* armory includes MP5k, MP5A3, P7M13, G3. AK47, AR15 .223 R870 s/g's and 37mm launchers.

The *Progression* course also develops *Individual* and *Team* strategies when tasked with critical confrontation scenario's involving distraction devices, aggressive vehicle assaults, and *Crisis* building entries. The C.A.R. MP5 Instructor schools develop existing Instructor's skill base in the new C.A.R. stance and incorporates new techniques for the use of the MP5, not taught in existing schools throughout the USA.

- ◇ These courses are taught over a duration of 40 hours, (five days.)
- ◇ Students should wear *Tactical or Specialized Equipment* if applicable.
- ◇ 1000 rds of suitable ammunition required for MP5, and 100 rds for personal side arm.
